Large Mobile Laminator Cart Perfect for 27" Laminators

Create a mobile workstation by placing your large equipment (such as copiers, 27" or 25" laminators, network printers, fax machines) on the top and secure your supplies in the cabinet below. Our mobile metal cabinets are constructed from arc-welded heavy gauge steel. Black powder coat finish. Locking cabinet has a full piano hinge, recessed chrome handle, set of two keys and four 4" swivel casters (2 with brakes). Also included with mobile cabinet is a 3-outlet UL/CSA electrical assembly. Works great with all laminators up to 27" wide.
